### ***LAST YEAR:***

With the blessings of the City of Fernandina Beach and the Downtown Merchants, last year we had over 250 cars enter our show and an estimated 10,000 spectators came to Amelia Island to view the cars in our beautiful seaport city. Our event begins on Friday night with a Welcome Party for our entrants. We attempt to make our car show a getaway weekend event, and last year it appeared to happen as there were few rooms available on the island during that weekend. Not only do we advertise our event locally with the car show entrant and spectators in mind, but we also advertise for spectators from as far away as Atlanta, Augusta, Savannah, Tallahassee and Daytona Beach.
